

## GCSE Results Summer 2019

Year 11 students at Gravesend Grammar School celebrated a superb year of results.

In the benchmark 'Progress 8' measure, the school expects to achieve +0.53. This means that, on average, each student has achieved over half a level better than expected in each of their subjects.

Half of all grades were awarded at a 7-9 level whilst 29% were awarded at 8-9 highlighting a high percentage of top end levels achieved at GGS. 64% of all grades in Mathematics were awarded at the top 7-9 band, and 57% of those in English. Computer Science (76% 7+), Physics (65% 7+) and History (62% 7+) were also notably high performing subjects.

100% achieved a good pass in English and Mathematics, while 95% gained a strong pass in both subjects. We are particularly pleased in the current educational climate that 87% of our students passed their English Baccalaureate which contains a challenging and rigorous set of subjects. To achieve the Ebacc, students need to attain strong grades in English, Maths, Science, a Humanity and a Language.

The 'Attainment 8' measure, average pupil achievement across 8 qualifications, including English and maths and at least 3 other rigorous English Baccalaureate qualifications is 67.28.

With regards to individual performance, 33 pupils have attained an average level of an 8-9. 13 pupils got 7 or more 8's/9's and 53 pupils got 7 or more 7's.
